

# MASTER PLAN LIAOBU FOLING LAKE AREA

## Master Plan Liaobu Foling Lake Area, Dongguan, China

**Project period**  
2008

### **Services provided**

Invited international competition in urban and regional planning, 1<sup>st</sup> prize, in collaboration with South China University of Technology

### **Technical details**

The approx. 20 km<sup>2</sup> large area around the Foling Lake borders on the Tongsha nature reserve. Apart from the positioning of the new town centre the strategic development of Liaobu was one of the most important tasks. The design embraces traffic, tourism, theme shopping, local recreation centre, sport, culture, housing and administration.
