

LIGHT SIGNAL INSTALLATION GRÄFELFING "AM HAAG"

Light Signal Installation Gräfenlging "Am Haag", Germany

Project period
2010 - 2011

Construction cost
350 000 € approx.

Services provided
Traffic simulation, execution
planning, tendering

Technical details
Traffic flow is subject to serious
interruptions in Pasinger Straße.
The existing light signal installation
is to be optimized by means of an
improvement of the traffic-
responsive control system.
