

MOTORWAY A 100, NEUKÖLLN UP TO JUNCTION TREPTOWER PARK OBERMEYER

**Motorway A 100, Three-leg
Motorway Interchange
Neukölln up to Junction
Treptower Park, Lot 1, Germany**

Project period
2013 - 2022

Services provided
Project planning engineering structures
Structural planning: design planning,
preparation of contract award

Technical details
Construction stage length: approx.
3.2 km. For 385 m the alignment is in
tunnel and most of the remaining
approx. 2.3 km section in trough
location. The trough passes underneath
both DB AG (German Rail) and mass
transit track installations as well as the
existing urban roads.
